Dear Parents/Carers,

## **Parents Evening Autumn 2020**

Due to the ongoing restrictions we will be running Parents Evenings over the phone instead of in person. Year Groups will be placing phone calls on different days and you can book your 10 minute timeslot via a link that will be sent out. Teachers will have a limited time slot to call so please ensure you are ready and available at your allocated timeslot.

Prior to the sessions taking place your child's teachers will be sending out a PowerPoint telling you the expectations of each class so we ask that you read through this before your telephone appointment.

If you feel that you will require more than the allocated 10 minutes we ask that you contact the office to arrange an alternative appointment.

If you have recently changed your mobile number and have not alerted the school please contact the office on 01642 286599.

Many Thanks

Mrs A. Mitchinson
