

THE KADER CONNECT

Week beginning: 16/04/21

Welcome to the Kader connect, Kader's weekly round up! Here we will be sharing insight into what is going on here at Kader across all year groups and celebrating our lovely children!

Thought for the weekend
LET THE SUN SHINE FROM WITHIN

Mr Lavenick's keep fit task..

Can you practise your under arm bowling technique? Use a ball and stand 10 meters away from a wall and try and bowl the ball with only one bounce.

Year 1

We have been busy in D&T/art, designing and creating our own space crafts! The children have loved using the different media and materials to use their imaginations and really make their space crafts come to life!

Year 4

In topic this week we have looked at mountain ranges. Using our own creations, we have duplicated famous mountain ranges from around the world as well as focussing on The Alps. It has been great to get outdoors and learn on our lovely school field.

Year 5

This week in Year 5 we have been busy learning how to convert measures in Maths. We enjoyed measuring our weight, height etc and then converting these into grams, milligrams, millimetres, centimetres.

A Poem to Ponder...

Golden Sun

by Lenore Hetrick

Great, glorious, golden sun,
Shine down on me today!
You are the life of all this earth,
You and your magic ray.

A message from Mrs Mitchinson

Sunshine The sun has been shining this week and it really brightens the school. It has been great to see the teachers spending time outdoors, creating lessons that use our beautiful school grounds. The children really do enjoy learning outside!

A little visitor This week Mr Croft came down with a little boy from Nursery who had a wonderful tale to tell me about his favourite method of transport. We enjoyed making train noises together! I think the staff and children passing my office thought the 'Locomotion' had arrived at Kader!

Nursery

This week in Nursery, we have been learning all about transport. The boys and girls worked as individuals or as part of a team to create their own methods of transport. They ranged from a surf board to a tram!

Reception

It's time to get muddy in EYFS! The sun has been shining and we have been loving learning in our outdoor area! This week's story has been The Three Billy Goats Gruff. The children have had a lovely time in the sun, playing in the mud kitchen and playing with the parachute.

Year 2

This week Year 2 were visited by Pirate Paul! He left a trail of belongings behind and we had to use the clues to try and find out who he was. Luckily, his note told us he was a friendly Pirate and he visited to help us learn about Captain Cook.

Year 3

Hooray for Year 3's first indoor after school club! We have had a brilliant time this week at Art Club, learning all kinds of new painting techniques. Now that restrictions have been lifted on indoor activities, we can't wait to bring more activities into the pipeline!

Year 6

This week we have made the most of the lovely sunshine and managed to use our fabulous alfresco balcony learning area! We like to use this space and quite often use it as inspiration for writing and topic work.

Mrs Donalds - What made me smile!

Watching the children get active, using the school grounds for exercise and learning in the sunshine has been wonderful this week. It's so lovely to be outside having fun in the sun. It always makes me smile.
