Dear Parents/Carers,

Earrings in School

I would like to bring to your attention, as mentioned in the school policy, the fact that earrings are not allowed to be worn in school due to health and safety. Unfortunately, quite a few children continue to wear them despite constant reminders not to.

I appreciate that in some cases your child may have just recently had their ears pierced, therefore I understand that you may feel anxious about removing them just in case they have not yet healed properly or they have never been removed for a long period of time. Can we recommend that when the earrings are removed that a piece of micropore tape, available from chemists and supermarkets, is placed on each ear to prevent the piercing from closing. As a result of applying the tape you will find it much easier to insert the earrings again when your child comes home from school.

If you are considering getting your child's ears pierced at any point, can you please ensure that this is done during the school summer holidays or preferably when they go to Secondary School. This will give plenty of time for the ears to heal prior to the return to school in September when the earrings will have to be removed.

Thank you for your cooperation and should you have any queries or require further clarification please do not hesitate to contact the school.

Yours Sincerely,
Mrs A Mitchinson
