

# THE KADER CONNECT

Week beginning: 10/01/22

Welcome to the Kader connect, Kader's weekly round up! Here we will be sharing insight into what is going on here at Kader across all year groups and celebrating our lovely children!

Thought for the weekend  
**TOGETHER WE ARE BETTER**

## Mr Laverick's keep fit task..

Tin weight lifter! Use tins from your kitchen cupboards and pretend they are weights! How many lifts can you do? This will help you develop key muscles that will make your handwriting neater!

This week in English, we were introduced to our new book The Queen's hat. This developed our knowledge of London as we revisited landmarks and learnt all about the Queen. We also wrote about which is our favourite London landmark and why.

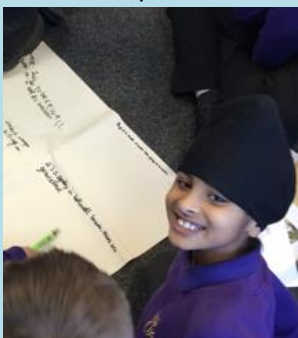

## Year 4

This week Year 4 have been busy learning all about teeth! We have learnt about the different teeth we have in our mouths, counted our own teeth and identified which teeth we have in our own mouths. We have also set up a science investigation to find out the effect different liquids have on our teeth (don't worry we have used eggs to represent our teeth, not real ones!).

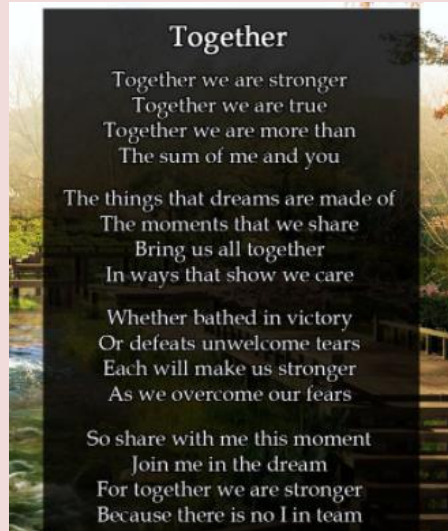

## Year 5

In our English lessons, we have been working hard on our reading skills of vocabulary, inference, retrieval and summary through a text called the Rootless Phantom. The children have been practising reading this fluently and with fantastic emphasis and expression.

## A Poem to Ponder...

## A message from Mrs Mitchinson

Year 6 magic

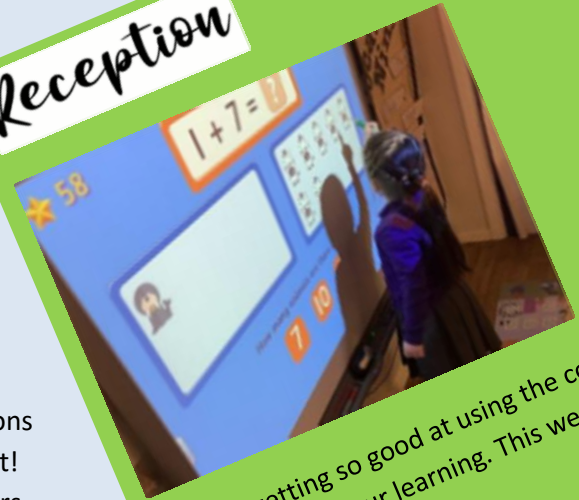

I have spent time teaching in Year 6 this week and it has been a real tonic! What a joy they are.

Thank you all

I have to say the atmosphere both in and out of school this week has been very calm. We have unfortunately had a lot of staff absent with COVID over the last two weeks and I want to say thank you to the staff, children and parents for their patience. We are all in this together and we wish our staff a speedy recovery.

## Nursery

### Reception

We are getting so good at using the computer now to further our learning. This week we were exploring addition!

## Year 2

This week, Grandma, from George's Marvellous Medicine, paid Year 2 a visit! We got to ask her lots of interesting questions about why she was so mean to George. She really was a grouchy, grumpy Grandma!

## Year 3

This week we have been learning all about the Greek tale of Theseus and the Minotaur. In groups we wrote a script for the first instalment of the ancient tale. We retold the story of King Minos and King Aegeus and the deal they struck to save Athens from war!

## Year 6

The children have been working incredibly hard researching Inuit Art as part of our Frozen Kingdom topic and have developed some amazingly creative mood boards. This is the first step towards creating our own Inuit Art!

## Mrs Donalds - What made me smile!

Year 6 are just delightful. I have loved teaching them this week, getting to know them and their talents. What a great group of children they are!
