

# The Kader Connect

Week beginning: 09/05/22

Thought for the weekend:

Turn that frown,

.....upside down!

## MR LAVERICK'S KEEP FIT TASK:

Can you hopscotch?

### Year 1:

This week in English, we were introduced to the book 'Beegu.' We made predictions, inferences then summarised and sequenced the story. We all did so well.

In Maths, we have been measuring. We started with non-standard units such as cubes then progressed to using a ruler.

### Year 2:

Year 2 have been exploring Jim and the Beanstalk through drama this week. They worked in groups to act out some of the problems the giant had and how Jim solved them.

### Year 3:

We have loved using our outside spaces this week to learn. It has been so much fun!

A poem to ponder:

They found a little courage  
That simmered in the sun  
They blended it with patience  
And just a spice of fun  
They poured in hope and laughter  
And then with a sudden twist  
They stirred it all together  
And made an Optimist

### Nursery:

Our story of the week was 'We're going on a Bear Hunt'. This week in Nursery has been action packed, the children have never stopped! Activities have ranged from a Bear Hunt, creating their own Bear biscuit to then bringing in a favourite teddy from home!

### Rec:

Our story of the week was 'We're going on a Bear Hunt'. This week in Nursery has been action packed, the children have never stopped! Activities have ranged from a Bear Hunt, creating their own Bear biscuit to then bringing in a favourite teddy from home!

### Year 6:

SATS ARE OVER AND WE SMASHED THEM!

There are no words to describe our pride!  
Year 6 you have made us speechless!

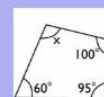

A message from Mrs Mitchinson:

I cannot praise the Year 6 children enough for their fabulous attitude all week towards the SATS. If they go through life with this positive attitude towards high pressure conditions, they will go very far! They literally blew us all away!

### Year 4:

We have enjoyed learning all about quadrilateral angles this week. We have been very busy as always!

Angles in a quadrilateral add up to 360°

### Year 5:

We have had such a busy week in Year 5! The children have spent the week researching and creating an information leaflet about an animal of their choice. Their work is absolutely beautiful! On Wednesday, we spend the morning with Year 3. Year 5 took some of the younger children under their wings and took part in activities outside. The children learnt to weave and created some gorgeous artwork. We are so proud of the children this week. Their resilience and hard work have been faultless - a huge well done from all of your teachers!

Mrs Donald - What made me smile!

I am overwhelmingly proud of our Year 6 children this week. Their resilience, enthusiasm and positivity was out of this world. They should be truly proud of themselves.
