

The Kader Connect

Week beginning: 23/05/22

Thought for the weekend:

Keep safe this half term.

A poem to ponder:

your mind will learn to answer most questions if you can learn to Relax and Wait for an Answer

A message from Mrs Mitchinson:

I have had such a wonderful time with the children in Marrick, they have had the time of their lives and have represented us wonderfully.

We are going to miss them all terribly next year.

MR LAVERICK'S KEEP FIT TASK: I challenge you all to walk to school next half term!

Nursery:

Our story of the week was 'Mad about Minibeasts'. This week in Nursery has been all about Minibeasts and we have been preparing for our 'Ugly Bug Ball'. The children have designed their own biscuits, made their own cupcakes and created snail sandwiches! Costumes and outfits for the ball were fantastic and the boys and girls loved dressing up, performing their dance routine and eating the food!

Year 4:

What an amazing day we have had in Danby. The children were able to see erosion, transportation and deposition in action. They particularly enjoyed the river study where they measured the width and depth of the river and then tested its velocity.

Year 1:

This week in English, we practised our fact retrieval skills. We read lots of texts about the Queen to prepare our knowledge for the Jubilee.

In Maths, we revisited shape. We looked at both 2D and 3D shapes.

In topic, each year group received a 10-year time period which the Queen ruled within. Ours was the new millennium. We recreated a New Year millennium party to begin our focus on this period of time. We then took a look at the Queen through the years.

Rec:

We have had such a busy week learning all about mini beasts and completing a big write about 'Jaspers Beanstalk' we have also started our Queen's Jubilee preparations, and we took part in our very own Kader (London) Olympics, learning about the key events that have happened during our Queen's reign.

Year 5:

Year 5 have had a lovely week this week. On Monday, we were able to release our butterflies after watching them transform from tiny caterpillars just a few weeks ago! In English, we have been recapping on some Year 5 grammar objectives including the use of relative clauses and relative pronouns. In Maths we have been continuing our work on decimals by subtracting decimals and dividing them by 10, 100 and 1000. The children have been busy preparing for our Jubilee celebrations when we get back to school after the break - they can't wait to show you what we have been up to! Have a wonderful week off, you've all been working so hard!

Year 2:

Year 2 completed their SATs this week and have had a wonderful time getting decorations ready for our Jubilee celebrations!

Year 6:

Year 3:

This week we had an amazing eighties themed day while we prepared our jubilee project! We have been learning all about the electric eighties and the invention of the internet! Stay tuned for the Year 3 80's movie coming soon to a Kader Jubilee Party near you...

Mrs Donald - What made me smile!

It's the end of another wonderful half term. It seems to have passed by so quickly. Have lovely time everyone and stay safe xx
